## EDUCATION

### SRM Institute of Science and Technology Vadapalani Campus

B.Tech-Electronics and computer engineering  
8.66-CGPA 2023

### MAHARISHI VIDHYA MANDIR HIGHER SECONDARY SCHOOL

CLASS X11 in Computer Science  
Tamil Nadu Board of Secondary  
Education  
433/600-MARKS 2019

### MAHARISHI VIDHYA MANDIR HIGHER SECONDARY SCHOOL

CLASS X in Computer Science  
CBSE  
7.4-CGPA 2017

## COURSEWORK

### UNDERGRADUATE

- Programming for Everybody - Coursera
- The Complete 2024 Web Development  
Bootcamp- Udemy

## SKILLS

### Technical skills

- **Programming Languages:**
  - python
  - Javascript
- **Frameworks and libraries**
  - Numpy & pandas
  - React js
- **Version control**
  - Git
- **Database Management**
  - SQL

### Soft skills

- Troubleshooting and Debugging
- Problem-Solving

## EXPERIENCE

### New Generation Media Corporation |

Technical Trainee  
June 21, 2022 - July 05, 2022

### Pyramidion Solutions |

Web developer intern  
March 25, 2024 - actively interning

## PROJECTS

### [Pulsenotify app](#)

Full Stack Realtime Chat App  
React.js, Stream.io, Twilio  
11 June 2023 - 15 July 2023  
I created and implemented SMS notifications functionality to enhance user engagement and provide timely updates, showcasing proficiency in integrating third-party APIs for seamless communication

### [Travel Advisor app](#)

React-Based Travel App  
React.js, Google Map API, Rapid-API  
18 Aug 2023 - 12 Sep 2023  
I created a travel companion application powered by react.js, and the Google Maps API, showcasing my expertise in building the scalable integration of location-based services.

### [Alan-na](#)

Voice-Enabled React News App  
React.js, Alan Studio, News API  
3 Nov 2023 - 20 Nov 2023  
I created an engaging AI React App utilizing Alan AI and Javascript, incorporating advanced voice interaction features showcasing my adeptness in AI integration, react development, and javascript.
